

ACCENT LIGHTING SOLUTIONS

INVISIBLE BY DAY. SECURITY LIGHTING AT NIGHT. COLOR-CHANGING FOR HOLIDAYS.

Lighting that keeps on giving.

Invisible by day. Security at night. Color changing for the holidays.

Oelo brings your outdoor style to light with permanent structural lighting. Practically invisible by day, the Oelo system blends in with your home's fascia for a seamless look, while these color-changing LEDs, can spotlight entryways, pathways and architectural features in an array of cool, warm and pure white pre-sets. Plus, with Oelo's color-changing app (and 16 million hues!), these lights double as year-round holiday lighting. So light up your day-to-day moments, celebrations and seasons for years to come!

THESE AREN'T YOUR ORDINARY LIGHTS. THIS IS A SYSTEM!

OELO'S PERMANENT DESIGN — PGS 4-7

- Acrylic and metal cover options for mounting versatility
- Industry's only "hybrid" out-and-down capable system
- Available in an array of colors (or custom powder coat)
- UL-certified, IP68 waterproof LEDs with V-0 fire rating
- Rated for 100,000 of use (or 34 years of nightly glow)

Find Oelo's app on:

CLOUD-BASED CONTROLS — PGS 8-11

- Six signal outputs, which allows you to control six zones from one controller for creative accent lighting
- Pre-set whites, plus 16 million hues and pre-made patterns
- Built-in scheduling feature to automatically turns on lights
- Alexa and Google Home ready!

✓ INVISIBLE BY DAY ... expressive by night

WHY INVEST IN OELO?

- ✓ THIS SECURITY LIGHTING DOUBLES AS HOLIDAY LIGHTING ...
- ✓ SO YOU'LL NEVER HAVE TO HANG CHRISTMAS LIGHTS AGAIN!
- ✓ WITH INFINITE COLORS, USE THEM FOR ANY OCCASION
- ✓ PLUS, THE OELO SYSTEM IS RATED FOR 100,000 HOURS OF USE (2xs the lifespan as competitors and the equivalent of 34 years of nightly 8-hour glow!)
- ✓ AND HAS THE BEST PRODUCT SAFETY RATINGS ON THE MARKET!

Invisible by day ... seamless by design.

Seamless channel

Oelo's patented system blends in seamlessly with any structure, available in acrylic or metal cover options. If you're looking for a flush look, our acrylic system hides the LEDs behind a lens, while our metal option features minimal mounting components, perfect for DIY installs or residential structures with limited fascia.

IMPACT-RESISTANT ACRYLIC

Oelo's acrylic cover features an impact-resistant, fade-resistant flush design. Because our LEDs are IP68 waterproof rated, the cover's main function is to mount the lights in a permanent, aesthetic way.

- ✓ **LED appearance:** Spaced 10" or closer behind translucent lens for a flush look
- ✓ **Length:** 8' increments that can be cut to size, allowing the system to be customizable
- ✓ **Colors:** Available in a variety of standard colors.

DURABLE METAL CHANNEL

Our Colorado-made metal LED cover offers quick installation. With minimal mounting components and a variety of bends to achieve different looks, this channel is a favorite for DIY installs.

- ✓ **LED appearance:** Snaps into channel for quick install and even spacing
- ✓ **Length:** 7' 6" increments that can be cut to size, allowing the system to be customizable
- ✓ **Colors:** Available in a variety of standard colors (or optional custom powder-coat color match)

ACCENT YOUR PATIO SPACE

MOUNT DOWN AND OUT!

WALL WASH YOUR EXTERIOR

USE FOR COMMERCIAL

Versatile lighting for years to come.

Our IP68 water-proof rated LED lights deliver Oelo's infinite lighting capabilities. Plus, each 36V system is rated for 100,000 hours of use, the equivalent of 34 years of nightly 8-hour glow. Meanwhile, Oelo's patented cover system is designed to withstand the elements while providing the industry's most versatile mounting options.

ADOBE-STYLE HOME?

Check out our C Slim channel. If your home has exposed rafters, this bend can be mounted to the bottom fascia board for downward lighting. (This type of fascia is typically found on adobe-style homes.)

YOU CHOOSE:
OUR TRADITIONAL GLOW OR OELO'S WALL-WASH LOOK.
OR BOTH!

FACE MOUNT

Oelo can be hung on the fascia, pointing outward for traditional Christmas lights or a galleria-like glow. The system's LEDs are visible from every angle using this effect. And while this is considered our most traditional look, Oelo's app lets you create "gaps" in the lighting by allowing you to control each individual LED for a modern lighting effect.

UNDER MOUNT

Oelo is one of the few permanent lighting systems that can be hung BOTH on the fascia AND under the eaves. The under-mount effect creates a wall-wash glow, illuminating the exterior with color to eliminate shadows and highlight the wall. This effect is compliant with the Dark Sky Initiative because the LEDs are angled downward.

BACKYARD AMBIANCE

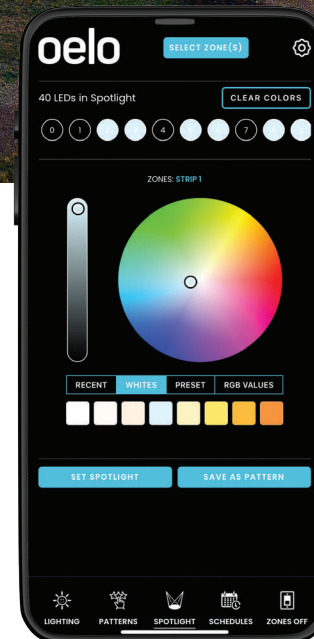

MARINE LIGHTING

Control multiple zones or structures from anywhere.

With our Oelo Evolution app, customize your lighting, save your favorite patterns, schedule your patterns daily, weekly or yearly and control your lights, zones and multiple structures from anywhere via iPhone or Android device through WiFi, cellular or Ethernet connection.

 Six individually addressable!

Oelo's state-of-the-art controller touts **six individually addressable outputs**, which allows you to control more than half a dozen zones separately from one controller for creative, hybrid installs and out-and-down lighting effects!

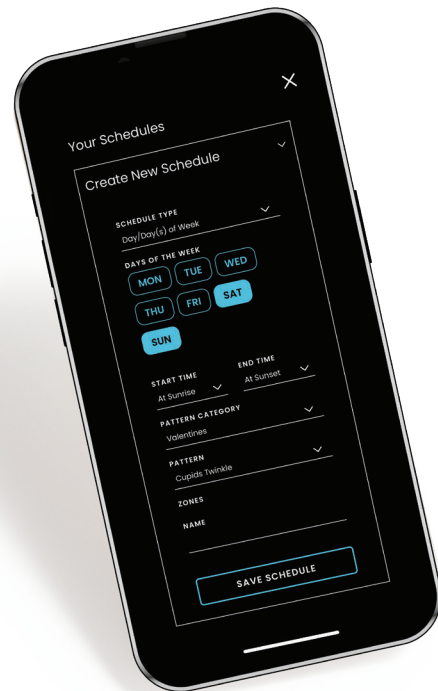

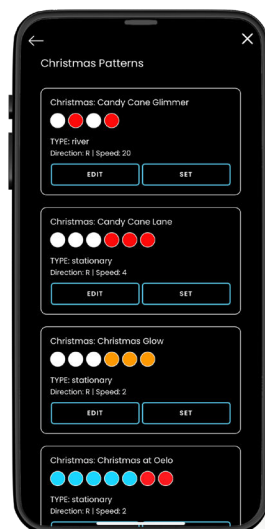

Turn on (and off) select LEDs for spotlight

Spotlight entryways, walkways and more with the Spotlight feature. Turn on (and off) select LEDs for precise security lighting. Oelo's pre-set whites help you achieve cool and warm hues, while Oelo's RGB technology provides perfect color mixing to achieve bright whites, all with out reducing output, like RGBW lights.

Doubles as holiday lighting!

Oelo's cloud-based Evolution App features more than 16 million hues, pre-set patterns and customizable movement settings to showcase your holiday luster, support your favorite teams and create social awareness, making the most of your accent lights.

Find Oelo's app on:

Choose from 16 million hues ... 365-plus pre-set patterns ... then customize away!

- STATIONARY**
Choose this mode for an iconic Christmas look.
- MARCH**
March your favorite repeated hues.
- CHASE**
Pick two colors (or more) to chase each other.
- STREAK**
Control speed and gaps to create a streak effect.
- SPLIT**
Evenly split two colors for a dual-lighting result.
- BOLT**
Illuminate LEDs one by one for a bolt sequence.
- SPRINKLE**
Slightly fade each LED for a sprinkling illusion.
- TWINKLE**
Drastically fade each LED for a twinkle effect.
- RIVER**
Blend transitioning hues for a flowing effect.
- TAKEOVER**
Take over your marching pattern with the last hue.
- BLEND**
Blend multiple colors for a gradient effect.
- STORM**
Flash random lightning across stagnant colors.
- LIGHTNING**
Blend your colors then add an extra jolt!
- RETRO ARCADE**
A single color "chomps" away an opposing hue.
- FILL**
Create a fill effect with this inward movement.
- SHUFFLE**
Randomly shuffle your hues for a fun effect.

PLUS, SPOTLIGHT ENTRYWAYS, WALKWAYS AND MORE! Turn on (and off) select LEDs for security lighting.
